

Year 5 Homework

English – Please complete and return by Friday 21st September.

Adjectives are describing words. Without them, everything would sound really boring.

Example:

The dragon guarded her treasure.

Improved version:

The **sleepy** dragon guarded her **valuable** treasure.

The words highlighted in **red** are the adjectives. Remember that more than one adjectives can describe a noun.

The creature was **ugly** and **strange**.

Please choose from one of the activities below:

Challenge 1

Look at these sentences. Can you write them out and underline the adjective?

Colin's head is massive.

Granny's T.V is ancient.

The icy rain soaked us.

Jabari hid from the ugly, strange creature.

Now try and write three of your own sentences, including adjectives. Can you underline them?

Challenge 2

Look at the picture on the back of the sheet. Write a short, descriptive paragraph describing what you can see.

Make sure you include adjectives. Things to think about: Where are they? Who are they? When is it happening?

What are they doing?
