BURST THE 5 MINUTE BUBBLE IF YOU PARK AND STRIDE TO SCHOOL

Dear Families,

1 in 4 cars in the morning are on the school run so when children actively travel to school not only do they get the physical and mental benefits, but it also means there are less cars. This means less congestion and pollution around the school gate, and it makes the roads safer.

If the journey from home is too far to walk or cycle the whole way to school, then Park and Stride is an alternative option which involves parking the car at least 5-10 minutes away from school and then completing the rest of the journey actively.

The school has an Active Travel Zone Map on the school website under <https://www.christchurchhanhamprimaryschool.co.uk/wow-walk-to-school/> which families can use to see where the 5- and 10-minute walking zones are around the school.

Walking Bubbles

For those needing to use the Park and Stride option *Walking Bubble* stickers have now been placed on lamp posts in a 5 minute 'bubble' around the school to make it easier to know where the minimum 5 minute zone is.

Families then park the car outside the 5 minute 'bubble' and the child/parent will need to walk, scoot or cycle past a sticker to 'burst it' for the journey to be classed as park and stride which the school asks all parents to abide by.

As you can see from the map we ask if physically possible that all parents **do not** park on the school premises or in any of the neighbouring roads.

The school is working towards Modeshift Stars, a national accreditation for sustainable travel, so the more that parents, carers and children can actively travel to school will help us gain and then keep the accreditation.

Yours faithfully,

Miss Carter
Active Travel and PE Lead
