Building Works

Dear Parent/Carer,

As you will have read in the letter sent earlier this week, we are in the process of working with Christchurch Pre-School in order to enable them to move onto our site from January 2027. This is an exciting time for our school and local community. Our current EYFS children will especially benefit from having new classrooms and a fantastic, purpose-built outside learning space!

In order to facilitate this move, there will be a programme of building and redevelopment work taking place over the next six weeks. The project will involve:

- The redevelopment of two old classrooms into new EYFS classrooms for our current Reception children including refreshed toilet facilities
- A brand new EYFS outdoor area for our children
- Relocation of our library to create new staffroom/kitchen for Christchurch Pre-School
- Redevelopment of our existing EYFS classrooms and toilets to meet the needs of the Christchurch Pre-School

From Tuesday 10th November, a section of our KS1 playground will be out of bounds. Before and after school, children in EYFS will need to line up next to Year 1 and will enter and exit school via the grey door adjacent to the Year 1 classroom.

We will be discussing these changes with the children this week and talking to them about how to keep safe when there are building works taking place. Other than the redevelopment of the outside space, we do not envisage there being much, if any, impact on our children as a result of the internal works.

This is an exciting development for CCH and will further support our links with the local community. I will keep you updated with the progress of this project and, for families of EYFS children, we will communicate our plans for transitioning the children to their new classroom as we approach that phase of the project.

Yours faithfully,

Neil Turner
Headteacher
